Professional Summary

Resourceful Full-Stack Developer with 2 years of hands-on experience building scalable web applications, optimizing API performance, and delivering clean, maintainable code. Adept with modern JavaScript frameworks, backend development with Node.js and .NET, and database design. Skilled in applying responsive UI principles, debugging complex issues, and collaborating with multidisciplinary teams.

Technical Skills

- **Frontend:** React.js, Next.js, Tailwind CSS, TypeScript, Redux
- **Backend:** Node.js, Express.js, .NET Core, REST APIs
- **Databases:** MongoDB, PostgreSQL, MySQL
- **Tools:** Docker, Git, Postman, Jira
- **Cloud:** AWS (EC2, S3), Azure Basics
- **Other:** API Documentation, CI/CD, Authentication (JWT, OAuth)

Work Experience

Full-Stack Developer — DibaTech Solutions

January 2023 – Present

- Built and maintained scalable full-stack applications using React, Node.js, and PostgreSQL.
- Designed REST APIs that improved data-retrieval performance by 30%.
- Implemented reusable frontend components and state-management patterns across large applications.
- Collaborated in Agile sprints, participating in backlog refinement, estimation, and QA testing.
- Integrated user authentication and authorization with JWT and OAuth.
- Optimized database queries, reducing API latency during peak load hours.

Junior Full-Stack Developer — SkyBridge Technologies

January 2022 – December 2022

- Assisted in the development of internal dashboards and client portals using React and Express.js.
- Created modular UI layouts and implemented responsive designs across devices.
- Contributed to database schema design, ensuring normalization and integrity.
- Wrote integration tests that improved overall code coverage by 20%.
- Provided daily maintenance support and resolved tickets related to frontend bugs and API issues.

Education

B.Sc. Computer Science — Bowen University, Osun State

Projects

- **E-Commerce Platform (React + Node.js):** Built product search, cart, order tracking & payment flow.
- **School Management System:** Implemented student registration, result processing, and automated reports.
- **Blog CMS:** Custom admin panel, WYSIWYG editor, media uploads, and role-based access control.
